CIRGENIA

Smart Energy Management

Three utilities.
One platform.

Electricity • Water • Gas

Concept illustration • Product under development

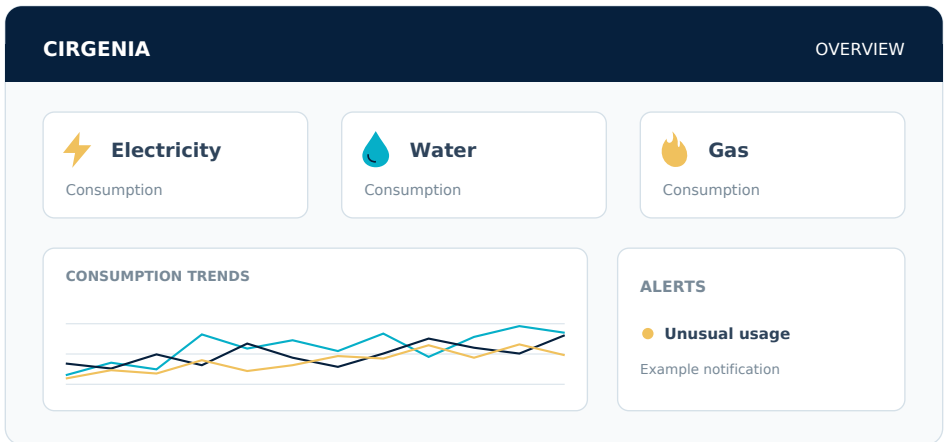

Monitor. Optimize. Save.

cirgenia.dz@gmail.com

CIRGENIA

Your consumption at a glance

CIRGENIA is developing a connected device and a platform to monitor electricity, water and gas.

Illustrative mock-up • Simulated data

Real-time monitoring

View your consumption data in one place.

Smart alerts

Spot unusual consumption patterns.

Less waste

Identify opportunities to save resources.

Retrofit approach

Build on compatible existing meters.

Households • Businesses • Institutions

Let’s discuss your needs.
